DELTA DEUTERON DIGEST

September 28th, 2007

From the Master..

Dear Brothers,

The year has gotten off to a tremendous start for Delta Deuteron! Starting the fall with **75 active and excited brothers**, we have very big plans for our chapter for the new academic year. With the pledge process now underway, we are preparing to **welcome 13 new members** to our brotherhood, marking the largest fall pledge class since the re-chartering of our chapter.

While our brotherhood grows and improves, so does our house at #4 Fraternity Row. This fall has already seen the installation of a **brand new, state-of-the-art, fully painted basketball court and professional-style hoop**. With more projects and improvements on the way, we are all very proud to show off

the court, and have already gained much use from it.

As everything we do continues to grow, we have plans for **bigger and better programming this year than ever before** in the areas of community service, philanthropy, brotherhood, alumni, parents, and academics. Some upcoming plans include **live concerts, club parties for philanthropy, region-wide AEPi programs, and much more**. A big part of what we have in store for the upcoming year involves you, the alumni. Our pledge to you is to create **a more structured relationship between the chapter and its alumni** -- a relationship that features **more communication, more activity, and more inclusion of**

all our alumni: near and far, recent or not.

As part of our goal to create more links and stronger bonds with the alumni of our chapter, I offer each of you a special opportunity: **If at any time, any one of you finds yourself in the College Park area, you can get in touch with me in advance, and I will personally take you out to dinner to discuss Delta Deuteron, AEPi, and the status and progress of our chapter.**

This is only the first of many steps we are taking to become closer to **YOU**. I hope to hear from all of you very soon!

Most Fraternally,
Marty Bock
Master

SAVE THE DATE!

DELTA DEUTERON'S ANNUAL ALUMNI WEEKEND

APRIL 11-13

Welcome Xi Pledge Class! 18 New Brothers!

Welcome to the newest pledge class to join our Fraternity, Xi! They pledged last Spring and brought 18 new brothers to the Fraternity.

Our newest brothers are: Taris Besse, Yosef Berman, Joey Chorvinsky, Max Czuper, Robbie Freeman, Jacob Gluck, Jared Greene, Jordan Haber, Ian Henderson, Michael Katz, Andrew Levison, Chad Libraty, Eric Merin, Adam Newman, Jared Pashko, Andrew Skoller, Scott Sternberg, and Jonathan Vogelmann

Community Service

In one of the first community service events of the year, Max Czuper took brothers to a local group home to help build their sukkah. Additionally, pledges recently went over to the University of Maryland Chabad to assist the Rabbi in building his sukkah.

There are many events planned for the rest of the year, as Delta Deuteron continues to advance its community service and philanthropic efforts. These events will include our annual Dump for Dollars, help in a food shelter, and participation in Maryland's Relay for Life.

House Improvements #4 Fraternity Row

Constant renovations and improvements have been made to our home on #4 Fraternity Row. Most recently, painted and built the above basketball court. A renovation of the court was desperately needed, and we are happy to report that it

has finally been finished. The side of our house is looking great now complete with a basketball court, picnic tables, and grill.

Additionally, we continue to update the inside of our house. We recently hung all of the Fraternity's certifi-

cates and pictures of past Executive Boards up in the Executive Board Room.

We have built stadium style seating in our basement to almost re-create a movie theater type atmosphere.

Furthermore, the house is now equipped with wireless internet, which is a great addition. This addition has helped brothers tremendously as they can now do work outside of the constraints of their room.

If you are in contact with any brothers or know how to get in contact with alumni of this chapter, please send that information to esmerin@umd.edu or jpashko@umd.edu

if you do not have access to the internet, please write to:
